WORK EXPERIENCE

Podcast Editor

Between Two Cairns Podcast, Remote

09/2024 – Present

- Edited, Mixed and Mastered Audio for a weekly Podcast with 3,500 average weekly downloads.
- Show format is an English language Co-Host Conversational and Interview podcast in the Tabletop Roleplaying Games sphere.

TV/Video Editor

Freelance, New York, NY USA & Remote

04/2011 – Present

- Edited full TV episodes in a variety of story formats, on several Cable Broadcast series, with tight deadlines and in high pressure environments, adhering to style sheets and guidelines.
- Created sound design elements for episodes, cut music for pacing, and mixed and smoothed audio using industry standard plugins and EQ software for seamless storytelling.
- Developed artistic tone, pacing, and style of various TV series, and coordinated with other editors to match for a consistent style.
- Multitasked to deliver multiple concurrent episodes on time with varying priorities at various stages of completion.
- Creatively problem-solved issues with story and technical shortcomings of footage to produce clear and compelling stories.
- Interpreted feedback from internal and external stakeholders to implement technical and creative changes.
- Ensured highest professional quality standards were met at all phases of revisions through to final delivery of product.
- Programs aired on *Sundance Channel*, *AMC+*, *Peacock*, *Oxygen*, *Bravo*, *VH1*, *Investigation Discovery*, *FYI*, *TLC*, and *Food Network*.

Media Manager

NFGTV, New York, NY USA

06/2010 – 12/2010

- Researched and developed post-production workflow for the *VH1* series "Love & Hip Hop."
- Organized and archived all master footage and project files for multiple TV series.
- Created workflow documentation for use on all series produced thereafter, implementing best practices for technical delivery of multiple video file formats for broadcast and digital distribution, ensuring future projects would be efficiently managed.
